ADOPTED BUDGET CERTIFICATE

To: Marshalltown City Council

At a meeting of the <u>Marshalltown Water Works Board of Trustees</u>, held after public hearing as required by law, on <u>February 20, 2024</u>, the proposed budget for <u>Fiscal Year 2025</u> was adopted as summarized and attached hereto.

Telephone Area Code (641) 753-7913

Board Secretary

Address

(signature) 205 East State Street - P.O. Box 1420 Marshalltown, IA 50158

Record of Public Hearing and Adoption of Budget:

On <u>February 20, 2024</u>, the <u>Marshalltown Water Works Board of Trustees</u> met for the purpose of conducting a public hearing on the proposed <u>Fiscal Year 2025</u> budget as published. Notice of time and place of hearing had been published on <u>February 8, 2024</u>, in the <u>Marshalltown Times Republican</u> and the affidavit of publication was available to file with the City Council.

The budget estimate was considered and taxpayers and residents heard for and against said estimate were as follows:

After giving opportunity for all desiring to be heard, the Board adopted the following budget resolution:

A RESOLUTION ADOPTING THE BUDGET FOR FISCAL YEAR ENDING JUNE 30, 2025

BE IT RESOLVED by the <u>Marshalltown Water Works Board of Trustees</u>: The budget for Fiscal year ending <u>June 30, 2025</u>, as set forth in the Adopted Budget Summary and in the detailed budget in support thereof showing the estimated revenues and expenditures for said budget year is adopted, and the Secretary is directed to make the filing required by law and to set up the books in accordance with the summary and detail as adopted.

Passed and approved on February 20, 2024, by the following vote:

AYES:

MARSHALLTOWN WATER WORKS BOARD OF TRUSTEES REGULAR BOARD MEETING January 16, 2024 12:00 Noon 205 East State Street

1. ROLL CALL:	PRESENT:	Trustees: Eilers, Mack, Loney
	ABSENT:	None

2. There was a motion by Trustee Loney and a second by Trustee Mack to approve the Agenda.

ROLL CALL VOTE: AYES: Trustees: Eilers, Mack, Loney NAYS: None

3. Public Comment Period – There were no members of the public present and General Manager Lovell reported that no written comments had been received.

4. There was a motion by Trustee Loney to approve the Consent Agenda: Approval of Regular Board Meeting Minutes of December 21, 2023; Approval of Bill Schedule #732 totaling \$ 1,762,066.95; Departmental Reports; Approval of accounts with unpaid rates or charges that are eligible to be certified to become a lien upon real estate. There was a second by Trustee Mack.

ROLL CALL VOTE:	AYES:	Trustees:	Eilers, Mack, Loney
	NAYS:	None	-

5. The Board reviewed the monthly financial statement, investment report and capital report. There was a motion by Trustee Mack and a second by Trustee Loney to approve the reports and place them on file.

ROLL CALL VOTE:	AYES:	Trustees:	Eilers, Mack, Loney
	NAYS:	None	

6. The Board reviewed the Contract for Water Service Outside the Corporate Limits of the City of Marshalltown for 2344 Odessa Drive. There was a motion by Trustee Mack to approve the Contract for Water Service Outside the Corporate Limits of the City of Marshalltown for 2344 Odessa Drive and a second by Trustee Loney.

ROLL CALL VOTE:	AYES:	Trustees:	Eilers, Mack, Loney
	NAYS:	None	-

7. The Board reviewed Progress Payment No. 1 from Ferguson Waterworks for the Marshalltown Water Works Water Metering Equipment Changeout 2023 project in the amount of \$67,750.00. There was a motion by Trustee Loney and a second by Trustee Mack to approve the progress payment to Ferguson Waterworks for the Marshalltown Water Works Water Metering Equipment Changeout 2023 project in the amount of \$67,750.00.

ROLL CALL VOTE:	AYES:	Trustees:	Eilers, Mack, Loney
	NAYS:	None	

8. General Manager Lovell advised the Board of the possible need for a change order for Well No. 5A Construction Project with Traut Companies. The geology of the first test hole didn't show potential for good well capacity, so additional test holes may be needed. Lovell is conferring with consultants as to options for alternate test hole sites.

The Board set the date for the next regular Board meeting as February 20, 2024 at 12:00 PM at the Marshalltown Water Works office at 205 E State St.

The Board adjourned.

Respectfully submitted,

Shelli Lovell Secretary

Supplemental Letter Agreement

In accordance with the Master Agreement for Professional Services between Marshalltown Water Works ("Client"), and Short Elliott Hendrickson Inc. ("Consultant"), effective December 21, 2023, this Supplemental Letter Agreement dated _______, 2024 authorizes and describes the scope, schedule, and payment conditions for Consultant's work on the Project described as: W High Street Water Distribution Improvements.

Client's Authorized Representative:		Shelli Lovell		
Address:	dress: PO Box 1420, Marshalltown, Iowa, 50158, United States			
Telephone:	6417537913	email: shelli@marshalltownwater.com		

Project Man	ager: Katie Kinsey		_		
Address: _5414 NW 88th Street, Suite 140, Johnston, Iowa 50131					
Telephone:	515.957.2373	email: kkinsey@sehinc.com			

Project Description: The project shall consist of making improvements to the existing Marshalltown Water Works water distribution system. The proposed construction is anticipated to be completed under one (1) contract to include:

Replacement of approximately 2,600 feet of the existing water main on W High Street from S 6th Street to S Center Street.

Scope: The Basic Services to be provided by Consultant as set forth herein are provided subject to the attached General Conditions of the Agreement for Professional Services (General Conditions Rev. 05.15.22), which is incorporated by reference herein and subject to Exhibits attached to this Agreement.

A. Basic Services:

1. Preliminary Engineering

(a) Kick-off Meeting: The Project Team will include representatives of the Client and the Consultant. Kick-off meeting will serve to review overall goals, review extent of work, establish project schedules, promote a dialog between the various entities, improve the decision-making process, and expedite design development. The Consultant shall prepare minutes of meetings and keep documentation of other communications.

2. Permitting

- (a) *Permits Determination:* Provide assistance in determining the permits from governmental authorities having jurisdiction to review or approve the final design of the Project.
- (b) Permits: Provide technical criteria, written descriptions, and design data for use in filing applications for permits from or approvals of governmental authorities having jurisdiction to review or approve the final design of the Project; assist Client in consultations with such authorities; and revise the Drawings and Specifications in response to directives from such authorities. The Client shall be responsible for remittance of payment for any associated permit review fees required by governmental authorities. Consultant shall provide assistance in obtaining the following permits:
 - 1. Iowa Department of Natural Resources (IDNR) Water Construction Permit
 - 2. Iowa Department of Natural Resources (IDNR) National Pollutant Discharge Elimination System (NPDES) Permit
 - 3. Iowa Department of Transportation (IDOT) permit(s) to complete work in IDOT right-of-way

3. Design Services

- (a) Project Team Meetings: Maintain communications with the Project Team and various other designated representatives. The Project Team will include representatives of the Client and the Consultant. Meet to review progress and discuss specific elements of the project planning and design. The meetings will also serve to establish schedules, develop project goals, establish initial design parameters, promote a dialog between the various entities, improve the decision-making process, and expedite design development. The Consultant shall prepare minutes of meetings and keep documentation of other communications.
- (b) *Quality Control Plan*: Establish review and checking procedures for project deliverables. Designate responsibility for implementation of the plan.
- (c) Review proposed new water main route(s) with Client prior to commencing subsequent work.
- (d) Control Survey: Establish horizontal and vertical control for the Project area. Each permanent control point or benchmark shall have horizontal coordinates or elevation, recovery information and monument description. Accurate descriptions of the horizontal control points and benchmarks will be created and recorded on the plan sheets. Horizontal control shall be in state-plane coordinates and vertical control per local datum.
- (e) *Design Survey*: The Consultant shall perform field and office tasks required to collect topographic information deemed necessary to complete the project. The specific supplemental survey tasks to be performed include the following:
 - 1. *Topographic Survey:* Perform topographic surveys required for the development of the project and to supplement any existing topographic mapping provided by the Client. This task also includes verification of the existing topographic mapping. Horizontal and vertical accuracies shall be adequate to produce a map that is compatible with the topographic data for incorporation into the existing base mapping.
 - 2. Utility Surveys: Perform utility surveys required for the development of the project. Contact utility owners of record or the "one call" representative, request that buried utilities be marked in the field and obtain existing utility map. Establish coordinates and elevations (if possible) for utilities that fall within the limits of the project and are visible or have been marked on the ground by the utility owner. Show utility name and describe the utility on the plans.
 - 3. *Office Processing*: Complete processing of the data obtained in the field as necessary to incorporate into the project.
- (f) *Prepare Preliminary Plans:* Prepare Preliminary Design Phase drawings of adequate content to present the general nature of construction of the project for review and approval by Client.
- (g) *Prepare Preliminary Project Manual*: Prepare Preliminary Design Phase specifications in outline format for review and approval by Client. It is anticipated that the Preliminary Project Manual shall include:
 - 1. EJCDC Contract Documents for Construction front-end documents and Technical Specifications based on SUDAS with supplemental technical specifications.
- (h) Preliminary Opinion of Probable Cost: Based on the information contained in the Preliminary Design Phase documents, prepare an Opinion of Probable Construction Cost, and assist Client in collating the various cost categories which comprise Total Project Costs.
- (i) *Furnish Preliminary Design Documents to Client*: Furnish review copies of the Preliminary Design Phase documents and any other deliverables to Client and review them with Client. Client shall submit to Consultant any comments regarding the Preliminary Design Phase documents and any other deliverables.
- (j) Right-of-Way/Easements Determination: Provide assistance in determining extents of additional Right-of-Way or easements that will be necessary for construction and maintenance of the project. Legal/Property Surveys and preparation of acquisition plats or easements, if required, shall be included as Additional Services.

- (k) Utility Company Coordination: The Consultant will coordinate with utility companies that have utilities in the project area to determine if any potential conflicts with existing utilities exist, and to determine if any measures will be necessary to relocate existing utilities or revise locations of proposed improvements. The Consultant will rely on maps and other information provided by utility companies and is not responsible for the accuracy of the information provided by the utility companies. Excavation to expose buried utilities is not a responsibility of the Consultant.
- Review Meeting(s): Meet with representatives of the Client to discuss elements of the preliminary design. Consultant will prepare and disperse minutes of the meeting. Anticipated number of meetings during the preliminary design phase is one (1).
- (m) Field Review of Preliminary Drawings: A Field Exam will be conducted by the Project Team to discuss key issues and design concepts and to determine completeness of the preliminary drawings. The review will identify needed adjustments to minimize potential project construction issues. Revisions will be noted for incorporation into the final Preliminary Design Phase drawings.
- (n) Revise Preliminary Design Documents: Revise the Preliminary Design Phase documents and any other deliverables in response to Client's comments, as appropriate, and furnish to Client copies of the revised Preliminary Design Phase documents, revised opinion of probable Construction Cost, and any other deliverables after receipt of Client's comments.
- (o) *Prepare Final Drawings*: Prepare final Drawings indicating the scope, extent, and character of the Work to be performed and furnished by Contractor.
- (p) *Prepare Final Project Manual*: Prepare Final Design Phase specifications (Project Manual) for review and approval by Client. The Project Manual shall include:
 - 1. EJCDC Contract Documents for Construction front-end documents and Technical Specifications based on SUDAS with supplemental technical specifications.
- (q) Final Opinion of Probable Cost: Advise Client of any adjustments to the Opinion of Probable Construction Cost known to Consultant. Provide updated Opinion of Probable Construction Cost to Client, if revisions are necessary.
- (r) Review Meeting(s): Meet with representatives of the Client to discuss elements of the final design. Consultant will prepare and disperse minutes of the meeting. Anticipated number of meetings during the final design phase is one (1).
- (s) *Bid Documents Packaging*: Prepare and furnish bidding documents for review by Client, its legal counsel, and other advisors, and assist Client in the preparation of other related documents. Client shall submit to Consultant any comments and instructions for revisions.
 - 1. Revise the bidding documents in accordance with comments and instructions from the Client, as appropriate, and submit final copies of the bidding documents, and any other deliverables to Client after receipt of Client's comments and instructions.
- (t) *Deliverables*: Deliverables to the Client from the Consultant during the Final Design Phase shall be as follows:
 - 1. Review copies of Preliminary Design Documents (plans and specifications): Two (2) hard copies and one (1) electronic copy in .pdf format. Drawings shall be in 11"x17" size.
 - 2. Review copies of Final Design Documents (plans and specifications): Two (2) hard copies and one (1) electronic copy in .pdf format. Drawings shall be in 11"x17" size.
 - 3. Final Bid Documents (plans and project manual): Two (2) hard copies and one (1) electronic copy in .pdf format. Drawings shall be in 11"x17" size.
 - 4. Minutes of meeting(s).

B. Additional Services:

Additional services will be provided by the Consultant upon the request of the Client. These services may include:

- (a) Services resulting from significant changes in the scope, extent, or character of the portions of the project designed or specified by the Consultant including, but not limited to, changes in size, complexity, Client's schedule, character of construction, or method of financing. These services may also be as a result of changes in laws or regulations or other causes beyond the Consultant's control.
- (b) Property/legal surveys, acquisition plats and preparation of easements needed for the transfer of interests in real property.
- (C) Serving as a consultant or witness for the Client in any litigation, arbitration, or other dispute resolution process related to the project.
- (d) Assistance in connection with Bid protests, rebidding, or renegotiating contracts for construction, materials, equipment, or services.
- (e) Other services performed by the Consultant not otherwise provided for in this Agreement, examples of which are listed below:
 - 1. Environmental Assessment/NEPA Compliance Services
 - 2. Wetland Assessment/Mitigation Services
 - 3. Services associated with obtaining permits not included in Basic Services scope above
 - 4. Subsurface Utility Exploration Services
 - 5. Geotechnical Services
 - 6. Bidding Services
 - 7. Construction Services

Payment: In consideration of the services, work, equipment, supplies, or materials provided herein, the Client agrees to pay the Consultant the following fees:

1) Compensation for Basic Services – Standard Hourly Rate Not to Exceed Method of Payment

a) Client shall pay Consultant for Basic Services items A.1 through A.3 as described above, as set forth in Exhibit A-1, as follows:

Total Not-to-Exceed fee of \$47,816.00, based on the Consultant's standard hourly rates and expenses. The anticipated breakdown of the Total Not-to-Exceed Fee for engineering services is as follows:

Total Not-to-Exceed Fee	\$47,816.00
Design Services	<u>\$41,297.00</u>
Permitting	\$1,944.00
Preliminary Engineering	\$4,575.00

- Consultant may alter the distribution of compensation between individual phases noted above to be consistent with services actually rendered, but shall not exceed the total Not-to-Exceed fee amount unless approved in writing by the Client.
- ii) An amount equal to the cumulative hours charged to the Project by each class of Consultant's personnel times Standard Hourly Rates for each applicable billing class for all services performed on the Project, plus Expenses and Consultant's Subconsultants' charges, if any.
- iii) Consultant's Expenses Schedule and Standard Hourly Rates are included in Attachments 1 and 2.

2) Compensation for Additional Services - Standard Hourly Rates Method of Payment

a) Client shall pay Consultant for Additional Services, as set forth in Exhibit A-1 as follows:

- i) An amount equal to the cumulative hours charged to the Project by each class of Consultant's personnel times Standard Hourly Rates for each applicable billing class for all services performed on the Project, plus Expenses and Consultant's Subconsultants' charges, if any
- ii) Consultant's Expenses Schedule and Standard Hourly Rates are included in Attachments 1 and 2.

The payment method, basis, frequency and other special conditions are set forth in attached Exhibit A-1. Additional work, if required, shall be compensated in accordance with the rate schedule attached hereto as Attachment 1 and 2.

This Agreement for Professional Services, attached General Conditions, Exhibits and any Attachments (collectively referred to as the "Agreement") supersedes all prior contemporaneous oral or written agreements and represents the entire understanding between Client and Consultant with respect to the services to be provided by Consultant hereunder. In the event of a conflict between the documents, this document and the attached General Conditions shall take precedence over all other Exhibits unless noted below under "Other Terms and Conditions". The Agreement for Professional Services and the General Conditions (including scope, fee and signatures) shall take precedence over attached Exhibits. This Agreement may not be amended except by written agreement signed by the authorized representatives of each party.

Other Terms and Conditions: Other or additional terms contrary to the Master Agreement for Professional Services that apply solely to this project as specifically agreed to by signature of the Parties and set forth herein: None

Exhibit A-1 to Supplemental Letter Agreement Between Marshalltown Water Works (Client) and Short Elliott Hendrickson Inc. (Consultant) Dated _____, 2024

Payments to Consultant for Services and Expenses Using the Hourly Basis Option

The Agreement for Professional Services is amended and supplemented to include the following agreement of the parties:

A. Hourly Basis Option

The Client and Consultant select the hourly basis for payment for services provided by Consultant. Consultant shall be compensated monthly. Monthly charges for services shall be based on Consultant's current billing rates for applicable employees plus charges for expenses and equipment.

Consultant will provide an estimate of the costs for services in this Agreement. It is agreed that after 90% of the estimated compensation has been earned and if it appears that completion of the services cannot be accomplished within the remaining 10% of the estimated compensation, Consultant will notify the Client and confer with representatives of the Client to determine the basis for completing the work.

Compensation to Consultant based on the rates is conditioned on completion of the work within the effective period of the rates. Should the time required to complete the work be extended beyond this period, the rates shall be appropriately adjusted.

B. Expenses

The following items involve expenditures made by Consultant employees or professional consultants on behalf of the Client. Their costs are not included in the hourly charges made for services but instead are reimbursable expenses required in addition to hourly charges for services and shall be paid for as described in this Agreement:

- 1. Transportation and travel expenses.
- 2. Long distance services, dedicated data and communication services, teleconferences, Project Web sites, and extranets.
- 3. Lodging and meal expense connected with the Project.
- 4. Fees paid, in the name of the Client, for securing approval of authorities having jurisdiction over the Project.
- 5. Plots, Reports, plan and specification reproduction expenses.
- 6. Postage, handling and delivery.
- 7. Expense of overtime work requiring higher than regular rates, if authorized in advance by the Client.
- 8. Renderings, models, mock-ups, professional photography, and presentation materials requested by the Client.
- 9. All taxes levied on professional services and on reimbursable expenses.
- 10. Other special expenses required in connection with the Project.
- 11. The cost of special consultants or technical services as required. The cost of subconsultant services shall include actual expenditure plus 10% markup for the cost of administration and insurance.

The Client shall pay Consultant monthly for expenses.

C. Equipment Utilization

The utilization of specialized equipment, including automation equipment, is recognized as benefiting the Client. The Client, therefore, agrees to pay the cost for the use of such specialized equipment on the project. Consultant invoices to the Client will contain detailed information regarding the use of specialized equipment on the project and charges will be based on the standard rates for the equipment published by Consultant.

The Client shall pay Consultant monthly for equipment utilization.

(1) SEH assumes that reports will be prepared and delivered electronically. On the occasion where reports or other reprographic services are needed, these reports and reprographic services will be scoped and costed on a per project basis determined by the need of the project and specific service requested.

Rates and expenses are subject to change and may not be accompanied by immediate notification.

CHANGE ORDER NO.: 1

Owner: Marshalltown Water Works	Owner's Project No.: NA
Engineer: Short Elliott Hendrickson Inc.	Engineer's Project No.: MRSWW 172898
Contractor: Traut Companies	Contractor's Project No.: NA
Project: New Well No. 5A Construction - REBID	
Contract Name: General	
Date Issued: October 20, 2023	Effective Date of Change Order: February 16, 2024

The Contract is modified as follows upon execution of this Change Order:

Description:

Provide two additional sonic bores to find an optimal location for the new Well No. 5A. This work includes collection of soil samples at 5' intervals, filling the borehole with chlorinated pea gravel, and perform sieve analysis on the soil samples. Also, includes the cost of mobilization, project coordination, and reporting for a total price of \$51,460.00.
