#1 API drain project – Waiting to hear on a start date for the next phase of the project, API is double checking parts/inventory list.

#2 Arc flash survey - Looking in to getting a full survey done early 2026; exact date unknown at this time.

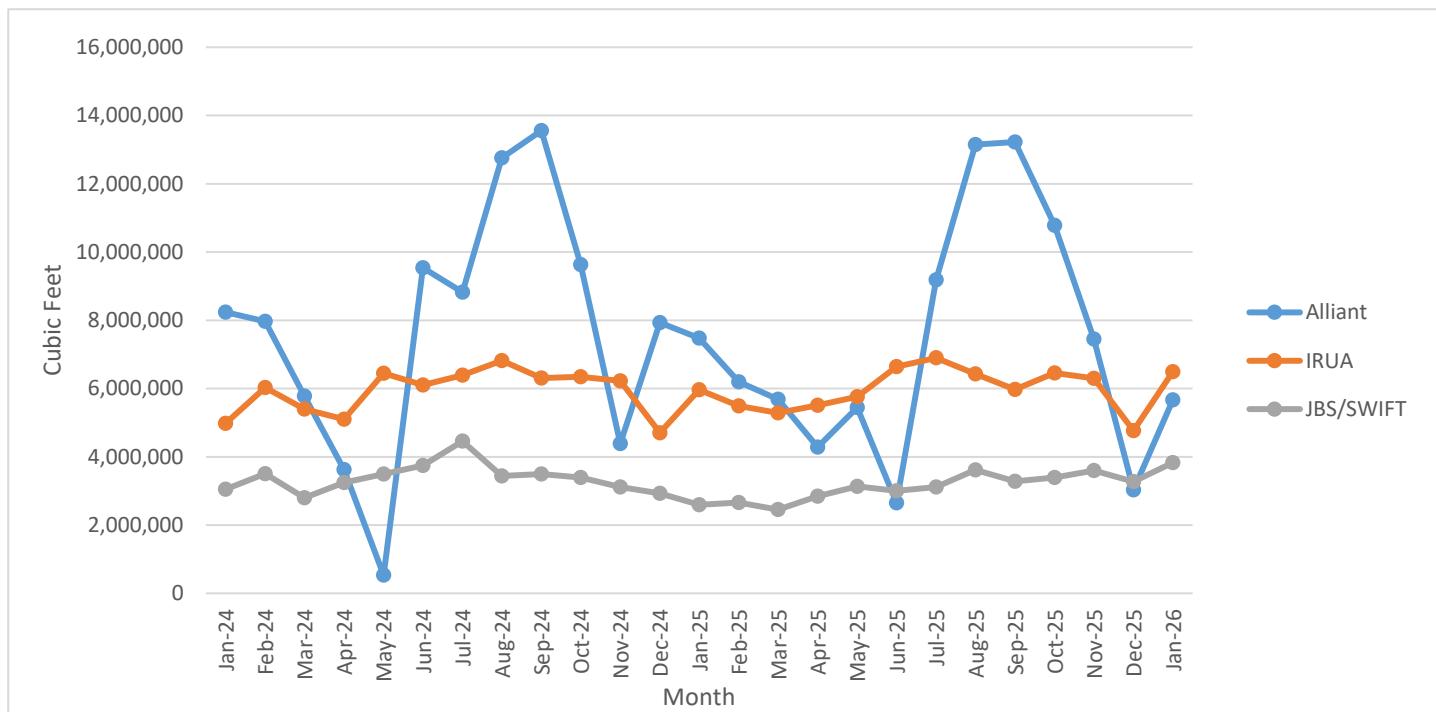

#3 Recycle pump - After our most recent generator test, the VFD for the recycle water tank pump lost its display. Jetco was onsite on 1-9-26 and found that the VFD cannot be repaired and will need to be replaced. We are currently waiting on replacement quotes. In the meantime, we have a temporary solution in place until a new VFD can be installed. (The original VFD was installed in 1998.)

#4 R/O project – Lots of activity at the North site, recent weather changes have slowed down the tearing out of trees at the existing plant.

JULY 1, 2025 - JUNE 30, 2026

AS OF DECEMBER 31, 2025

**PENSION COMMITTEE CHARTER
FOR THE
SUPPLEMENTAL PENSION SYSTEM OF THE MARSHALLTOWN WATER WORKS**

INTRODUCTION

Marshalltown Water Works established the Supplemental Retirement System of the Marshalltown Water Works (the “**Plan**”) effective September 1953, as amended from time-to-time and restated effective March 1, 2025, to provide its employees with supplemental pension benefits. The Plan is attached hereto as Exhibit A. Marshalltown Water Works is the Employer and Administrator of the Plan. The Marshalltown Water Works Board of Trustees is the Trustee of the Plan (the “**Plan Trustee**”). Marshalltown Water Works has delegated Plan Administrator Authority to its General Manager. The pension committee (“**Pension Committee**”) has been appointed by the Employer and the Plan Trustee to assist and provide recommendations regarding the administration and operation of the Plan, subject to oversight by the Plan Trustee. Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Plan. Exhibit B provides an additional summary of the roles and responsibilities relating to the Plan.

PURPOSE

The Pension Committee is established by and operates under the authority delegated by the Employer and the Plan Trustee. The purpose of the Pension Committee is to aid in and provide recommendations related to the administration, investment, compliance and fiduciary responsibilities associated with the Plan. The Pension Committee shall assist the Employer, the Plan Administrator, and the Plan Trustee by providing review, expertise, and recommendations on matters related to the prudent management and operation of the Plan in accordance with applicable laws, fiduciary duties, and the governing documents of the Plan.

AUTHORITY

The Pension Committee derives its authority solely from delegation of the Employer and the Plan Trustee, pursuant to Section 2.2 of the Plan. The Pension Committee has only the authority as expressly granted by the Employer and the Plan Trustee in this Charter or otherwise specifically delegated by written consent of the Employer and the Plan Trustee.

The Employer and the Plan Trustee shall retain fiduciary responsibility and authority for the Plan. Additionally, the Pension Committee shall at all times remain subject to the oversight, review, and direction of the Employer and the Plan Trustee.

ROLES AND RESPONSIBILITIES

The Pension Committee shall have the following roles and responsibilities:

Plan Administration:

- Monitor the administration of the Plan to ensure compliance with Plan documents, the Employee Retirement Income Security Act of 1974 (“**ERISA**”), the Internal Revenue Code, and other applicable laws and regulations.
- Review and provide comments / recommendations regarding the effectiveness and performance of third-party administrators and other Plan service providers.
- Review and provide comments / recommendations regarding the provisions of the Plan.
- Consider and advise on the sums of money necessary or desirable to be contributed to the Plan.

- Review and provide comments/recommendations regarding procedures for notifying Participants and Beneficiaries of their rights to elect a Qualified Joint and Survivor Annuity and Qualified Pre-Retirement Survivor Annuity.

Investment Oversight:

- Recommend and review the Plan's investment policy and related guidelines.
- Evaluate investment performance, fees, and expenses on a regular basis.
- Review and advise on the selection, monitoring, and, if necessary, recommendations regarding replacement of investment managers and funds.

Compliance and Risk Management:

- Review any audit findings, actuarial reports, and compliance findings.

Reporting and Communication:

- Report regularly to the Plan Trustee regarding Pension Committee activities, decisions, and recommendations.
- Maintain accurate minutes of meetings and provide such minutes to the Plan Trustee, as requested or required.

MEMBERSHIP AND MEETINGS

Composition: Members of the Pension Committee shall consist of four members (“Member(s)”) as follows:

- One Member shall be a trustee of the Plan Trustee and shall be appointed by the Plan Trustee.
- One Member shall be the General Manager of the Employer.
- Two Members shall be elected by Participants of the Plan other than the General Manager of the Employer. Such elected Members shall hold office for a period of three years.

Any Member may resign at any time for any reason. A Member shall automatically cease to be a Member upon the termination of the Member's employment with the Employer or the termination of the Member's membership with the Plan Trustee, as the case may be. The successor of any outgoing Member shall be appointed or elected in the same manner as the outgoing Member was appointed or elected to membership on the Pension Committee and will serve the remainder of their predecessor's term.

Compensation: No fee or similar compensation shall be paid to any Member for their services to the Pension Committee.

Chairperson: The General Manager of the Employer shall serve as the Chairperson of the Pension Committee. The Chairperson shall preside over meetings, make all decisions on behalf of the Pension Committee, set meeting agendas, and act as the primary liaison to the Plan Trustee.

Meetings: The Pension Committee shall meet at least annually, or more frequently as circumstances require. Special meetings may be called by the General Manager or by any two other Members.

Quorum: A majority of Pension Committee Members shall constitute a quorum.

Conflicts of Interest: No Advisory Board member shall have any right to vote or decide upon any manner relating solely to himself/herself or to any of his/her rights or benefits under the Plan.

REVIEW OF CHARTER

This Charter shall be reviewed at least annually by the Pension Committee, and any recommended changes shall be submitted to the Plan Trustee for approval.

LIMITATION

Nothing in this Charter shall be construed to transfer or diminish the fiduciary authority of the Employer and the Plan Trustee, which shall retain full and final responsibility for the administration and management of the Plan.

Exhibit B

Summary of Roles and Responsibilities of Supplemental Retirement System of the Marshalltown Water Works

****The following summary of the roles and responsibilities of the Plan is provided for general informational purposes only and does not constitute the governing terms of the Plan. This summary is not intended to be, and should not be, relied upon as a complete or current statement of the roles and responsibilities under the Plan. The official and most up-to-date source of rights, obligations, and responsibilities is the most recent version of the Plan document itself, which should be reviewed in full for authoritative guidance****

Administrator: Marshalltown Water Works, as the Employer, is the Administrator of the Plan.

Employer: The Employer is Marshalltown Water Works and any successor which shall maintain the Plan and any predecessor that has maintained the Plan. In addition, where appropriate, the term Employer includes any Participating Employer which has adopted this Plan.

Fiduciary: A Fiduciary is any person who (a) exercises any discretion or authority or discretionary control respecting the management of the Plan or exercises any authority or control respecting the management or disposition of its assets, (b) renders investment advice for a fee or other compensation, direct or indirect, with respect to any monies or other property of the Plan or has any authority or responsibility to do so, or (c) has any discretionary authority or discretionary responsibility in the administration of the Plan.

Investment Manager: The Investment Manager is any entity that (a) has the power to manage, acquire, or dispose of Plan assets, and (b) acknowledges fiduciary responsibility to the Plan in writing. Such entity must be a person, firm, or corporation registered as an investment adviser under the Investment Advisers Act of 1940, a bank, or an insurance company.

Participating Employer: A Participating Employer is an Employer which, with the consent of the “Lead Employer” adopts the Plan. In addition, unless the context means otherwise, the term “Employer” includes any Participating Employer which adopts this Plan.

Trustee: The Trustee is the Marshalltown Water Works Board of Trustees, and any successors.

**RESOLUTION FOR ESTABLISHING A PENSION COMMITTEE AND DELEGATING
PLAN ADMINISTRATOR DUTIES**

WHEREAS, the Marshalltown Water Works Board of Trustees (the “**Board**”) is responsible for the prudent oversight, management, and administration of the Supplemental Retirement System of the Marshalltown Water Works (the “**Plan**”);

WHEREAS, the Board desires to delegate certain oversight responsibilities relating to the administration, investment, and compliance of the Plan to a committee (the “**Pension Committee**”) in order to enhance fiduciary governance and efficiency, while retaining fiduciary responsibility as required by law;

WHEREAS, the Board has reviewed and considered the proposed Pension Committee Charter setting forth the purpose, authority, responsibilities, and governance framework of the Pension Committee;

WHEREAS, the Board further desires to designate the General Manager of Marshalltown Water Works as the Plan Administrator of the Plan, responsible for carrying out day-to-day administrative functions of the Plan in accordance with applicable law and the governing Plan documents;

NOW, THEREFORE, BE IT:

RESOLVED, that the Board hereby establishes the Pension Committee, effective as of [Date], to serve in accordance with and subject to the terms of the Pension Committee Charter, as may be amended from time to time;

RESOLVED, that the authority of the Pension Committee shall be derived solely from the delegation of the Board, and the Pension Committee shall remain at all times subject to the oversight, direction, and ultimate fiduciary authority of the Board;

RESOLVED, that the General Manager of Marshalltown Water Works is hereby designated to serve as Chairperson of the Pension Committee, with authority to preside over meetings, set agendas, make decisions on behalf of the Pension Committee, and serve as the primary liaison to the Board;

RESOLVED, that the General Manager of Marshalltown Water Works is further designated as the Plan Administrator of the Plan, and in such capacity shall exercise all administrative powers and responsibilities of the Plan Administrator under the terms of the Plan and applicable law, subject to oversight and final decision making by the Board in its sole discretion;

RESOLVED, Members of the Pension Committee shall consist of four members (“**Member(s)**”) as follows:

- One Member shall be a trustee of the Plan Trustee and shall be appointed by the Plan Trustee.
- One Member shall be the General Manager of the Employer.
- Two Members shall be elected by Participants of the Plan other than the General Manager of the Employer. Such elected Members shall hold office for a period of three years.

RESOLVED, that the officers and agents of Marshalltown Water Works are authorized and directed to take all such actions as may be necessary or appropriate to carry out the intent and purpose of the foregoing resolutions.

Contractor's Payment Application No. 3
DWSRF No. FS-64-23-DWSRF-079
HDR Project No. 10352507
Shank Project No. 1329

Dear Mr. Maxfield,

Transmitted herewith the Contractor's Payment Application No. 3 for the referenced project for the period from November 1, 2025, through November 30, 2025. HDR reviewed the initial application and provided comments to the contractor. HDR has reviewed the final application and recommends payment in the amount of \$956,675.21.

The contractor is now mobilized at the site, so this application includes 50 percent of the mobilization costs. This application also includes costs for approximately 75 percent of the north site removals, 85 percent of the topsoil stripping at the north site, 3 percent of the drilled pier installation, and 2 percent of the mat slab installation. The application also includes costs for stored materials, including the required documentation, for potable water piping, sanitary sewer piping, filter effluent process piping, chemical piping, and pier and mat slab rebar.

Project certified payrolls are also required on this pay application and all future pay applications. The Engineer has reviewed the certified payrolls submitted by Shank Constructors Inc., DM2, Price Industrial Electric, and JR Revar Steel, LLC with Pay Application No. 3. The payrolls are for the period from September 15, 2025, through November 30, 2025. The submitted certified payrolls have been reviewed based on required Davis-Bacon wages for this project. The Contractor is up to date on certified payrolls.

If for any reason an amount other than the amount recommended by HDR is paid on account of this Application for Payment No. 3, please advise so that subsequent applications are prepared to reflect the correct previous payment amount.

If you have any questions, please contact me at 515-280-4962.

Sincerely,
HDR Engineering, Inc.

While use of Form WH-247 itself is optional, covered contractors and subcontractors performing work on Federal or federally assisted construction contracts are required by the DBRA regulations and the contract clauses to submit payroll information on a weekly basis. The Copeland Act (40 U.S.C. § 3145) requires contractors and subcontractors performing work on Federal or federally financed construction contracts to, on a weekly basis, "furnish a statement on the wages paid each employee during the prior week." U.S. Department of Labor (DOL) Regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors and subcontractors to submit weekly certified payrolls to the appropriate Federal agency if the agency is a party to the contract (or, if the agency is not such a party, to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the Federal agency). Each certified payroll must be accompanied by a signed "Statement of Compliance" (e.g., page 2 of the WH-347 or another document with identical wording) indicating that the certified payrolls are accurate and complete, and that each laborer or mechanic has been paid not less than the required Davis-Bacon prevailing wage rate(s) (including any fringe benefits) for the work performed. DOL and contracting agencies receiving this information review the information to determine whether workers have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W. Washington, D.C. 20210

I paid or supervised the payment of the laborers or mechanics working on the above project during the stated time period. I certify the following:													
<input checked="" type="checkbox"/> The payroll information submitted with this statement is correct and complete for the above project during the above period, and the wage and fringe benefit rates paid to the workers, including credit taken for the reasonably anticipated costs of a bona fide fringe benefit plan, fund or program, are not less than the applicable wage and fringe benefits rates for the classification(s) of work actually performed, as specified in the wage determination(s) incorporated into the contract.													
<input checked="" type="checkbox"/> All regular payrolls and all other basic records that the contractor is required to maintain for this payroll period are complete and accurate and will be made available upon request from the agency or the Department of Labor.													
<input checked="" type="checkbox"/> The classifications reported for each laborer or mechanic are the classification(s) of work that each worker actually performed.													
<input checked="" type="checkbox"/> Any workers paid as apprentices during the above period are duly registered in a bona fide apprenticeship program registered with the Office of Apprenticeship, Employment and Training Administration, United States Department of Labor ("OA"), or a State Apprenticeship Agency ("SAA") recognized by Department of Labor. I have verified the registered apprenticeship program information provided below as accurate and applicable to any apprentices identified on page 1 of this form.

While use of Form WH-347 itself is optional, covered contractors and subcontractors performing work on Federal or federally assisted construction contracts are required by the DBRA regulations and the contract clauses to submit payroll information on a weekly basis. The Copeland Act (40 U.S.C. § 3145) requires contractors and subcontractors performing work on Federal or federally financed construction contracts to, on a weekly basis, "furnish a statement on the wages paid each employee during the prior week." U.S. Department of Labor (DOL) Regulations at 29 C.F.R. § 5.5(e)(3)(i) require contractors and subcontractors to submit weekly certified payrolls to the appropriate Federal agency if the agency is a party to the contract (or, if the agency is not such a party, to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the Federal agency). Each certified payroll must be accompanied by a signed "Statement of Compliance" (e.g., page 2 of the WH-347 or another document with identical wording) indicating that the certified payrolls are accurate and complete, and that each laborer or mechanic has been paid not less than the required Davis-Bacon prevailing wage rate(s) (including any fringe benefits) for the work performed. DOL and contracting agencies receiving this information review the information to determine whether workers have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W. Washington, D.C. 20210

PROJECT NAME Marshalltown WTP 6 MGD RO Plant	PROJECT NO. or CONTRACT NO. 1329	PAYROLL NO. 3	PRIME CONTRACTOR'S/SUBCONTRACTOR'S BUSINESS NAME Shank Constructors Inc										
PROJECT LOCATION 1956 N Center St Rd	WEEK ENDING DATE 10/12/2025	CERTIFYING OFFICIAL'S NAME AND TITLE Kathy Stapes Office Manager											
I paid or supervised the payment of the laborers or mechanics working on the above project during the stated time period. I certify the following:													
<input checked="" type="checkbox"/> The payroll information submitted with this statement is correct and complete for the above project during the above period, and the wage and fringe benefit rates paid to the workers, including credit taken for the reasonably anticipated costs of a bona fide fringe benefit plan, fund or program, are not less than the applicable wage and fringe benefits rates for the classification(s) of work actually performed, as specified in the wage determination(s) incorporated into the contract.													
<input checked="" type="checkbox"/> All regular payrolls and all other basic records that the contractor is required to maintain for this payroll period are complete and accurate and will be made available upon request from the agency or the Department of Labor.													
<input checked="" type="checkbox"/> The classifications reported for each laborer or mechanic are the classification(s) of work that each worker actually performed.													
<input checked="" type="checkbox"/> Any workers paid as apprentices during the above period are duly registered in a bona fide apprenticeship program registered with the Office of Apprenticeship, Employment and Training Administration, United States Department of Labor ("OA"), or a State Apprenticeship Agency ("SAA") recognized by Department of Labor. I have verified the registered apprenticeship program information provided below as accurate and applicable to any apprentices identified on page 1 of this form.

While use of Form WH-347 itself is optional, covered contractors and subcontractors performing work on Federal or federally assisted construction contracts are required by the DBRA regulations and the contract clauses to submit payroll information on a weekly basis. The Copeland Act (40 U.S.C. § 3145) requires contractors and subcontractors performing work on Federal or federally financed construction contracts to, on a weekly basis, "furnish a statement on the wages paid each employee during the prior week." U.S. Department of Labor (DOL) Regulations at 29 C.F.R. 5.5(a)(3)(ii) require contractors and subcontractors to submit weekly certified payrolls to the appropriate Federal agency if the agency is a party to the contract (or, if the agency is not such a party, to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the Federal agency). Each certified payroll must be accompanied by a signed "Statement of Compliance" (e.g., page 2 of the WH-347 or another document with identical wording) indicating that the certified payrolls are accurate and complete, and that each laborer or mechanic has been paid not less than the required Davis-Bacon prevailing wage rate(s) (including any fringe benefits) for the work performed. DOL and contracting agencies receiving this information review the information to determine whether workers have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W. Washington, D.C. 20210

While use of Form WH-347 itself is optional, covered contractors and subcontractors performing work on Federal or federally assisted construction contracts are required by the DBRA regulations and the contract clauses to submit payroll information on a weekly basis. The Copeland Act (40 U.S.C. § 3145) requires contractors and subcontractors performing work on Federal or federally financed construction contracts to, on a weekly basis, "furnish a statement on the wages paid each employee during the prior week." U.S. Department of Labor (DOL) Regulations at 29 C.F.R. § 5.5(e)(3)(ii) require contractors and subcontractors to submit weekly certified payrolls to the appropriate Federal agency if the agency is a party to the contract (or, if the agency is not such a party, to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the Federal agency). Each certified payroll must be accompanied by a signed "Statement of Compliance" (e.g., page 2 of the WH-347 or another document with identical wording) indicating that the certified payrolls are accurate and complete, and that each laborer or mechanic has been paid not less than the required Davis-Bacon prevailing wage rate(s) (including any fringe benefits) for the work performed. DOL and contracting agencies receiving this information review the information to determine whether workers have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W. Washington, D.C. 20210

While use of Form WH-347 itself is optional, covered contractors and subcontractors performing work on Federal or federally assisted construction contracts are required by the DBRA regulations and the contract clauses to submit payroll information on a weekly basis. The Copeland Act (40 U.S.C. § 3145) requires contractors and subcontractors performing work on Federal or federally financed construction contracts to, on a weekly basis, "furnish a statement on the wages paid each employee during the prior week." U.S. Department of Labor (DOL) Regulations at 29 C.F.R. § 5.5(a)(3)(i) require contractors and subcontractors to submit weekly certified payrolls to the appropriate Federal agency if the agency is a party to the contract (or, if the agency is not such a party, to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the Federal agency). Each certified payroll must be accompanied by a signed "Statement of Compliance" (e.g., page 2 of the WH-347 or another document with identical wording) indicating that the certified payrolls are accurate and complete, and that each laborer or mechanic has been paid not less than the required Davis-Bacon prevailing wage rate(s) (including any fringe benefits) for the work performed. DOL and contracting agencies receiving this information review the information to determine whether workers have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W. Washington, D.C. 20210

I paid or supervised the payment of the laborers or mechanics working on the above project during the stated time period. I certify the following:													
<input checked="" type="checkbox"/> The payroll information submitted with this statement is correct and complete for the above project during the above period, and the wage and fringe benefit rates paid to the workers, including credit taken for the reasonably anticipated costs of a bona fide fringe benefit plan, fund or program, are not less than the applicable wage and fringe benefits rates for the classification(s) of work actually performed, as specified in the wage determination(s) incorporated into the contract.													
<input checked="" type="checkbox"/> All regular payrolls and all other basic records that the contractor is required to maintain for this payroll period are complete and accurate and will be made available upon request from the agency or the Department of Labor.													
<input checked="" type="checkbox"/> The classifications reported for each laborer or mechanic are the classification(s) of work that each worker actually performed.													
<input checked="" type="checkbox"/> Any workers paid as apprentices during the above period are duly registered in a bona fide apprenticeship program registered with the Office of Apprenticeship, Employment and Training Administration, United States Department of Labor ("OA"), or a State Apprenticeship Agency ("SAA") recognized by Department of Labor. I have verified the registered apprenticeship program information provided below as accurate and applicable to any apprentices identified on page 1 of this form.

SUBMISSION OF FINAL DBRA CERTIFIED PAYROLL FORM

PRIME CONTRACTOR

SUBCONTRACTOR

While use of Form WH-347 itself is optional, covered contractors and subcontractors performing work on Federal or federally assisted construction contracts are required by the DBRA regulations and the contract clauses to submit payroll information on a weekly basis. The Copland Act (40 U.S.C. § 3145) requires contractors and subcontractors performing work on Federal or federally financed construction contracts to, on a weekly basis, "furnish a statement on the wages paid each employee during the prior week." U.S. Department of Labor (DOL) Regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors and subcontractors to submit weekly certified payrolls to the appropriate Federal agency if the agency is a party to the contract (or, if the agency is not such a party, to the applicant, sponsor, owner, or other entity as the case may be, that maintains such records, for transmission to the Federal agency). Each certified payroll must be accompanied by a signed "Statement of Compliance" (e.g., Page 2 of the WH-347 or another document with identical wording) indicating that the certified payrolls are accurate and complete, and that each laborer or mechanic has been paid not less than the required Davis-Bacon prevailing wage rate(s) (including any fringe benefits) for the work performed. DOL and contracting agencies receiving the information review the information to determine whether workers have received legally required wages and fringe benefits.

Public Budget Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W. While use of Form WH-347 itself is optional, covered contractors and subcontractors performing work on Federal or federally assisted construction contracts are required by the DBRA regulations and the contract clauses to submit payroll information on a weekly basis. The Copeland Act (40 U.S.C. § 3145) requires contractors and subcontractors performing work on Federal or federally financed construction contracts to, on a weekly basis, "furnish a statement of the wages paid each employee during the prior week." U.S. Department of Labor (DOL) Regulations at 29 C.F.R. § 5.5(e)(3)(ii) require contractors and subcontractors to submit weekly certified payrolls to the appropriate Federal agency if the agency is a party to the contract (or, if the agency is not such a party, to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the Federal agency). Each certified payroll must be accompanied by a signed "Statement of Compliance" (e.g., page 2 of the WH-347 or another document with identical wording) indicating that the certified payrolls are accurate and complete, and that each laborer or mechanic has been paid no less than the required Davis-Bacon prevailing wage rate(s) (including any fringe benefits) for the work performed. DOL and contracting agencies receiving this information review the information to determine whether workers have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W. SUBMISSION OF FINAL DBRA CERTIFIED PAYROLL FORM

PRIME CONTRACTOR

SUBCONTRACTOR

While use of Form WH-347 is optional, covered contractors and subcontractors performing work on Federal or federally assisted construction contracts are required by the DBRA regulations and the contract clauses to submit payroll information on a weekly basis. The Copeland Act (40 U.S.C. § 3145) requires contractors and subcontractors performing work on Federal or federally financed construction contracts to, on a weekly basis, "furnish a statement on the wages paid each employee during the prior week." U.S. Department of Labor (DOL) Regulations at 29 C.F.R. § 5.5(e)(3)(ii) require contractors and subcontractors to submit weekly certified payrolls to the appropriate Federal agency if the agency is a party to the contract (or, if the agency is not such a party, to the applicant, sponsor, owner, or other entity as the case may be), that requires such records, for transmission to the Federal agency. Each certified payroll must be accompanied by a signed "Statement of Compliance" (e.g., page 2 of the WH-347 or another document with identical wording) indicating that the certified payrolls are accurate and complete, and that each laborer or mechanic has been paid not less than the required Davis-Bacon prevailing wage rate(s) (including any fringe benefits) for the work performed. DOL and contracting agencies receiving this information review the information to determine whether workers have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W., Washington, D.C. 20210

I paid or supervised the payment of the laborers or mechanics working on the above project during the stated time period. I certify the following:													
<input checked="" type="checkbox"/> The payroll information submitted with this statement is correct and complete for the above project during the above period, and the wage and fringe benefit rates paid to the workers, including credit taken for the reasonably anticipated costs of a bona fide fringe benefit plan, fund or program, are not less than the applicable wage and fringe benefits rates for the classification(s) of work actually performed, as specified in the wage determination(s) incorporated into the contract.													
<input checked="" type="checkbox"/> All regular payrolls and all other basic records that the contractor is required to maintain for this payroll period are complete and accurate and will be made available upon request from the agency or the Department of Labor.													
<input checked="" type="checkbox"/> The classifications reported for each laborer or mechanic are the classification(s) of work that each worker actually performed.													
<input checked="" type="checkbox"/> Any workers paid as apprentices during the above period are duly registered in a bona fide apprenticeship program registered with the Office of Apprenticeship, Employment and Training Administration, United States Department of Labor ("OA"), or a State Apprenticeship Agency ("SAA") recognized by Department of Labor. I have verified the registered apprenticeship program information provided below as accurate and applicable to any apprentices identified on page 1 of this form.

While use of Form WH-347 itself is optional, covered contractors and subcontractors performing work on Federal or federally assisted construction contracts are required by the DBRA regulations and the contract clauses to submit payroll information on a weekly basis. The Copeland Act (40 U.S.C. § 3145) requires contractors and subcontractors performing work on Federal or federally financed construction contracts to, on a weekly basis, "furnish a statement on the wages paid each employee during the pay period." U.S. Department of Labor (DOL) Regulation 29 C.F.R. § 5.5(a)(3)(ii) requires contractors and subcontractors to "furnish weekly certified payrolls to the appropriate Federal agency if the agency is a party to the contract (or, if the agency is not such a party, to the applicant, sponsor, or owner, or other entity, as the case may be, that maintains such records, for transmission to the Federal agency). Each certified payroll must be accompanied by a signed 'Statement of Compliance' (e.g., page 2 of the WH-347 or another document with identical wording) indicating that the certified payrolls are accurate and complete, and that each laborer or mechanic has been paid not less than the required Davis-Bacon prevailing wage rate(s) (including any fringe benefits) for the work performed. DOL and contracting agencies receiving this information review the information to determine whether workers have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 56 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W. Washington, D.C. 20210

While use of Form WH-347 itself is optional, covered contractors and subcontractors performing work on Federal or federally assisted construction contracts are required by the DBRA regulations and the contract clauses to submit payroll information on a weekly basis. The Copeland Act (40 U.S.C. 5-3105) requires contractors and subcontractors performing work on Federal or federally financed construction contracts to, on a weekly basis, "furnish a statement on the wages paid each employee during the prior week." U.S. Department of Labor (DOL) Regulations at 29 C.F.R. § 5.5(a)(3)(i) require contractors and subcontractors to submit weekly certified payrolls to the appropriate Federal agency if the agency is a party to the contract (or, if the agency is not such party, to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the Federal agency). Each certified payroll must be accompanied by a signed "Statement of Compliance" (e.g., page 2 of the WH-347 or another document with identical wording) certifying that the certified payrolls are accurate and complete, and that each laborer or mechanic has been paid not less than the required Davis-Bacon prevailing wage rate(s) (including any fringe benefits) for the work performed. DOL and contracting agencies receiving this information review the information to determine whether workers have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates, or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

SUBMISSION OF FINAL DBRA CERTIFIED PAYROLL FORM

PRIME CONTRACTOR

SUBCONTRACTOR

While use of Form WH-347 is optional, covered contractors and subcontractors performing work on Federal or federally assisted construction contracts are required by the DBRA regulations and the contract clauses to submit payroll information on a weekly basis. The Copeland Act (40 U.S.C. § 2145) requires contractors and subcontractors performing work on Federal or federally financed construction contracts to, on a weekly basis, "furnish a statement on the wages paid each employee during the prior week." U.S. Department of Labor (DOL) Regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors and subcontractors to submit weekly certified payrolls to the appropriate Federal agency if the agency is a party to the contract (or, if the agency is not such a party, to the applicant, sponsor, owner, or other entity, as may be the case, that maintains such records, for transmission to the Federal agency). Each certified payroll must be accompanied by a signed "Statement of Compliance" (e.g., page 2 of the WH-347 or another document with identical wording) indicating that the certified payrolls are accurate and complete, and that each laborer or mechanic has been paid not less than the required Davis-Bacon prevailing wage rate(s) (including any fringe benefits) for the work performed. DOL and contracting agencies receiving this information review the information to determine whether workers have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room 53502, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

While use of Form WH-347 itself is optional, covered contractors and subcontractors performing work on Federal or federally assisted construction contracts are required by the DBRA regulations and the contract clauses to submit payroll information on a weekly basis. The Copeland Act (40 U.S.C. § 3145) requires contractors and subcontractors performing work on Federal or federally financed construction contracts to, on a weekly basis, "furnish a statement on the wages paid each employee during the prior week." U.S. Department of Labor (DOL) Regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors and subcontractors to submit weekly certified payrolls to the appropriate Federal agency if the agency is a party to the contract (or, if the agency is not such a party, to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the Federal agency). Each certified payroll must be accompanied by a signed "Statement of Compliance" (e.g., page 2 of the WH-347 or another document with identical wording) indicating that the certified payrolls are accurate and complete, and that each laborer or mechanic has been paid not less than the required Davis-Bacon prevailing wage rate(s) (including any fringe benefits) for the work performed. DOL and contracting agencies receiving this information review the information to determine whether workers have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W. Washington, D.C. 20210. (over)

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act (40 U.S.C. § 3145) contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room 53502, 200 Constitution Avenue, N.W. Dear Deborah,

Koltiv is pleased to present this proposal. For more than 45 years, we have partnered with clients to deliver tailored technology solutions that drive growth. We believe your technology should work the way you work, not the other way around.

As a full-service provider, we offer managed IT, cybersecurity, networking, AI, cloud, application development, IBM Power Systems, and licensing support. Every solution is designed with your business goals in mind. We do more than implement technology. We help you make confident decisions, avoid unnecessary risks, and stay focused on what matters most.

Our deep technical expertise, combined with a human-centered approach, makes Koltiv uniquely positioned to support Marshalltown Water Works with this project.

The following outlines the scope of work and how we plan to deliver on your priorities. If there is anything missing or additional needs we should address, we welcome the opportunity to refine the plan.

Thank you for considering Koltiv. We look forward to the opportunity to serve you.

A handwritten signature in black ink, appearing to read "D. Meyer".

- Headquarters and Plant will have a site-to-site VPN in Place

Limitation of Liability

Koltiv's liability, regardless of the form of action, will not exceed the total amount paid for services under this agreement. No action, regardless of form, arising out of this agreement may be brought by either party more than one year after the cause of action has arisen. An action related to non-payment may be brought within one year of the most recent payment date.

If an issue arises that is determined to be the responsibility of a product manufacturer, Koltiv is available to assist on a Time and Materials basis. Koltiv is not liable for program defects or errors resulting from factors outside our control, including but not limited to faulty hardware, flawed development tools, or changes made to program code by individuals not employed by Koltiv.

We do not provide any other express or implied warranties, including but not limited to warranties of merchantability or fitness for a particular purpose. Koltiv is not liable for lost profits or any indirect, incidental, or consequential damages, even if we have been advised of the possibility of such damages.

This proposal is governed by the Koltiv Master Services Agreement (MSA). If you have not yet executed an MSA, a copy is available at www.koltiv.com/msa or can be provided upon request. By signing this proposal, you acknowledge that you have reviewed and agree to the terms of both this proposal and the MSA.

Cyber breaches, by their nature, may evade even the most comprehensive security protocols, resulting in the reality that not all such incidents are preventable.

Terms & Conditions - Net New

Term: 12 Months

This proposal is entered in conjunction with the Peace of Mind Service Addendum and the terms of the Addendum are incorporated as if set forth in full in this Proposal. If you have not executed an Addendum, you can review a copy at www.koltiv.com/POM, or a copy will be provided to you on request. By signing this Proposal you acknowledge that you have had an opportunity to review the terms of the Addendum and that you agree to the terms of both this Proposal and the Addendum. These charges will be billed monthly. Koltiv may review these charges from time-to-time. If configuration or requirements results in changes, an addendum with adjustments for charges will be executed with client approval.

MSA – This order is entered in conjunction with the Koltiv Master Service Agreement (MSA) and the terms of the MSA are incorporated as if set forth in full in this Order. If you have not executed an MSA, you can review a copy at www.koltiv.com/msa or a copy will be provided to you on request. By signing this Order you acknowledge that you have had an opportunity to review the terms of the MSA and that you agree to the terms of both this Order and the MSA.

Down Payment – Orders over \$20,000 require a 50% down payment with the order (unless financed). The remaining balance is due upon delivery of equipment to Koltiv or buyer.

Cisco Software Licensing – If this quote contains Cisco Software that is subject to Cisco's End User License Agreement (EULA), then by signing this quote, Client agrees to Cisco's terms located at cisco.com/eula.

IBM License Agreement for Machine Code – If this quote contains IBM Systems Storage or IBM Power Systems hardware machines, please refer to the IBM License Agreement for Machine Code prior to accepting this quote. As part of the agreement onboarding process, Koltiv may be required to onboard 3rd party product(s) prior to the start date of the agreement. This could incur additional billing for a full or partial months' billing. This billing will be added to your first monthly billing cycle as an additional product and will be removed from additional billings thereafter.

In the event a third-party vendor or supplier (including, but not limited to, Microsoft, Cisco and Veeam) increases the cost of its services or any Hardware or Third Party Software provided under this Agreement (a "Third Party Increase"), Koltiv may, in its sole discretion, adjust the portion of Purchase Price attributable to the affected services, Hardware or Third Party Software by an amount or percentage equivalent to the Third Party Increase upon thirty (30) days' written notice to the Client. The pricing adjustment described in the preceding sentence shall not be deemed a modification requiring amendment of this Agreement, a Signed Quote, or Purchase Order.

I. INTRODUCTION

Marshalltown Water Works (MWW) is requesting proposals for a drinking water rate study to assist MWW with updating its current rate schedule to reflect costs-of-service while balancing affordability and competitiveness. MWW has implemented across-the-board increases for both base and volumetric fees for all customer classes since its last rate study in 2014. Understanding that this manner of increase can result in an unbalanced rate structure over time, MWW is seeking this review.

Proposals are due by 10:00 a.m. on January 6, 2026, with plans to make a recommendation as to firm selection to the MWW Board of Trustees at their Board meeting on or about January 20, 2026. A draft of the rate study report should be completed by May 2026, with a final version of the rate study report completed by June 2026.

II. SUMMARY OF PROJECT

MWW desires to select the best qualified firm through the RFP process with an emphasis of serving as a partner with MWW staff and MWW's financial consultant, PFM Financial Advisors LLC, as we strive to ensure we have a rate structure in place for implementation of the already approved and subsequent rate increases. The rate study will result in a report recommending a rate structure that reflects costs-of-service while balancing affordability and competitiveness.

MWW is about to begin construction of a \$65M water treatment plant to provide redundancy for the existing treatment plant. The MWW Board of Trustees has passed a resolution to increase rates annually for the next three years: 16.5% for FY 2027; 16.5% for FY 2028; and 7.5% for FY 2029. Any recommended changes will ensure MWW is able to maintain a Debt Service Coverage ratio of at least 1.1, preferably 1.2, for its existing SRF loan plus the additional anticipated \$65M SRF loan while still funding approximately \$2M/year in additional capital projects.

The preferred firm should have extensive experience with and knowledge of different methods of charging users of municipal utility systems, specifically drinking water. Additional qualifications include rate studies emphasizing a balance in achieving affordability and competitiveness through changes in water rate structures. The preferred firm should be able to utilize MWW's billing system data from customers' historical and projected usage to provide a range of options for drinking water rates to fit specific MWW goals such as revenue predictability and equity in utility rates. The preferred firm must be able to explain the advantages and disadvantages of various utility revenue generation philosophies, methods and techniques. A portion of this study will analyze MWW's current rates and methods for charging new customer connections and other fees.

The preferred firm, working closely with MWW staff, will be expected to conduct the analytical work and facilitate the process of arriving at a conclusion on a utility rate structure and fee schedule for the next five years (FY 2027-2031), as well as a projection of revenues, expenditures and fund/cash balances over the next 20 years.

MWW Background Information

MWW maintains its own budget and rate structure as a component unit of the City of Marshalltown. Governance is provided by a Board of three Trustees appointed by the Mayor. MWW pays for all operating and capital costs with revenues generated from drinking water rates and fees.

Submittal Requirements

All proposals should be sent to and all questions and correspondence should be directed to Zach Maxfield, MWW General Manager, at zach@marshalltownwater.com

A digital PDF copy for distribution via e-mail must be received no later than 10:00 a.m. CST on January 6, 2026. Proposals submitted after the deadline will not be considered.

Each proposal must be signed by an officer of your company responsible for the firm's representations in the proposal. The proposer shall designate one contact person who will be the representative of the firm to which MWW will respond.

Please note that all questions pertaining to the RFP are to be emailed to Zach Maxfield, MWW General Manager, at zach@marshalltownwater.com no later than December 31, 2025. An answer will be formulated as soon as possible and sent via email to all firms who've been invited to provide a proposal.

MWW staff will review the proposals and determine which proposal appears to best fit the criteria herein as well as the best interests of MWW. It is anticipated the staff recommendation as to firm selection will be presented to the MWW Board of Trustees at their January 20, 2026, regular Board meeting to request approval to enter into an agreement with the successful proposer.

Required Contents for Proposals

Provide the following information within the proposal clearly separated by section.

- A. Title Page. Show proposal subject, the name of the proposer's firm, address, telephone number and email for the firm's contact person, and the date submitted.

- B. Table of Contents. Include a clear identification of the material by section and by page number.
- C. Proposing Firm Overview. Briefly describe the firm's background, size, governance, ownership and history.
- D. Identification and Qualification of Assigned Personnel
 - 1. Describe your firm's staffing proposal for providing services as indicated in the RFP. Describe the experience of the person who would be leading the study on behalf of the firm and of key additional staff that will be assigned to the project with a description of their area of responsibility.
 - 2. Describe the approach you would use to communicate and coordinate the project with MWW. The budget for the proposal should include time and travel expense for at least two in-person meetings with staff and/or MWW Board Trustees.
 - 3. Describe your firm's experience and current practice in working on similar studies as is being requested for MWW.
- E. Firm's Detailed Approach to the Scope of Services. The proposal shall address in detailed fashion the approach of the firm to conduct the study using the categories in the Scope of Services section of this RFP. MWW will supply data to the firm including estimated capital improvement costs, debt service and operating costs. MWW will ask the firm to add perspective on items such as inflation on revenues and expenses, comparable systems' operating costs, state or federal rules impacting utility systems, etc. Any perspective that can be added to the proposal on how your firm partners with its clients in dealing with these external influences on utility systems are welcomed.
- F. Compensation. Compensation on this proposal shall be based upon hourly rates. The proposal shall contain estimated staff, travel, and other costs associated with completion of the rate study and report as outlined in the scope of services.
- G. Team. The proposal shall include an outline of tasks to be completed by each member of the proposer's team.
- H. List of References. Provide at least 5 references of public clients of similar scope who have received services from your firm for work on similar studies. Please list the lead staff from your firm responsible for those studies.

Scope of Services

The study is expected to incorporate the following in the rate analysis:

- A. User Data. The firm undertaking the analysis will be expected to accurately model MWW's usage by customer or set of customer types in order that variations in MWW's tiered rate structure can be translated into revenue projections. MWW uses Tyler Technologies ERP Pro 10 software for its utility billing system. The firm will be expected to provide input on the impact of changing rate structures on user consumption based upon experience with other studies and upon research published in applicable literature.
- B. Revenue history and projections. The firm undertaking the study will utilize user data and population growth assumptions to project usage and revenues for the next five years and the next 20 years. The firm will be asked to provide recommendations and observations of factors that will influence revenues over these time periods.
- C. Expense history and projections. MWW will provide a range of expense projections for existing utility operations and the proposed water treatment plant.
- D. Capital Improvement Plan. MWW will provide its 5-year capital improvement plan for its traditional costs along with an expected cost and loan amortization schedule for the new water treatment facility.
- E. Debt service. MWW currently has one SRF loan; the amortization schedule is attached in the 12/12/2025 email. It is anticipated MWW will close on a second SRF loan on December 12, 2025; MWW will provide the associated proforma and estimated amortization schedule.
- F. Net position and cash balance history and projections. The revenue and expense calculations listed above will provide for annual cash flow. The firm is expected to estimate future cash balances and net positions for the utility along with recommendations regarding appropriate cash balances in the near term and longer term.
- G. Written report. The firm will be expected to provide a written report to include recommendations for one or more rate structures that reflect costs-of-service while balancing affordability and competitiveness, providing summary graphs and full projections and assumptions. The firm may be asked to help generate periodic documents for presentations to the Board of Trustees.
- K. Schedule. It is anticipated the successful proposer's team will begin work immediately after award. A draft of the rate study report should be completed by May 2026, with a final version of the rate study report completed by June 2026.

Proposal Evaluation & Selection

Qualitative Selection. MWW intends to retain the firm determined in MWW's view as the best qualified to perform the work and whose proposal best conforms with the needs of MWW, with experience, ability to communicate clearly, and other performance factors considered along with the cost of services.

Rights of Review: MWW reserves the right to reject any and all proposals or to request additional information from any and all proposers for purposes of clarification including cost

estimates, and to accept or negotiate any modification to any proposal following the deadline for receipt of all proposals.
